Style 2 is a "front wrap"

Unbelievable as it sounds:
Wool can keep you
WARM in winter –
COOL in summer!

Qwaruba Slippers

These slippers are made by
the Qwaruba Company.

Qwaruba is an
Aboriginal Australian word
meaning
"beautiful and good".

The company was
established in 1987. For
seven years these products
were made only in
Australia.

In 1994 the demand for
more diverse styles in the
U.S. market led the
Qwaruba Company to
build new factories
in China.

The Qwaruba Company
uses only 100%
Australian Merino Wool
(from the Merino sheep)
in all of their products.

Top Ten Reasons to Buy Wool

10. Comfy: easy to put on and leave on
9. A great gift: slippers, hats, gloves – anytime
8. Decorative: be creative
7. Beautiful: comes in many styles, lengths and colors
6. Great value: pro-rate the cost over 10 years
5. Durable: measure in years not months
4. Flame resistant: a great safety feature
3. Cool in summer: ask any wool slipper owner
2. Warm in winter: come to SD and see!
1. Great feel and "feels great!"

Sitting on a sheepskin or wearing wool slippers, allows up to 33% of the body's perspiration to evaporate.

In other words, you won't feel as hot or clammy as you sit in your recliner, rocker or favorite couch.

Wool Breathes!

*For the best bounce for your
buck*
